Filed by: Reno City Center Owner, LLC, a Delaware limited liability company

Reno City Center Owner, LLC (“Owner” or “Debtor”), Debtor and Debtor-in-Possession in the above-captioned Chapter 11 case, through its undersigned counsel, pursuant to 11 U.S.C. §1121(a), hereby proposes the following **SECOND AMENDED PLAN OF REORGANIZATION** and requests confirmation pursuant to the provisions of 11 U.S.C. §§ 1129(a) and/or (b).

I. INTRODUCTION

This SECOND AMENDED PLAN OF REORGANIZATION (“Plan”) is proposed by the Debtor for the resolution of the Debtor’s outstanding creditor obligations. The Plan is offered pursuant to Chapter 11 of Title 11 of the United States Code and should be read in conjunction with the [CONDITIONALLY APPROVED] SECOND AMENDED DISCLOSURE STATEMENT (“Disclosure Statement”) concerning this Debtor that will be approved by the United States Bankruptcy Court.

Along with this Plan, creditors will receive a Disclosure Statement which has been conditionally approved by the United States Bankruptcy Court. The Court has determined that the Disclosure Statement is adequate, with amendments, to enable creditors to make an informed judgment on whether to accept or reject the Plan. The Disclosure Statement fully sets forth the Debtor’s background information, an analysis of the Debtor’s financial position, and a summary of this Plan. The Debtor has not authorized any statement or representation, such as the value of its property or the amount of its creditors’ claims, which is not contained in the court-approved Disclosure Statement.

Information as to the procedures relating to approval, confirmation, and consummation of the Plan may be obtained from counsel for the Debtor, upon written request.

THE PROVISIONS OF THE CONFIRMED PLAN WILL LEGALLY BIND THE DEBTOR AND ITS CREDITORS, REGARDLESS OF WHETHER THEY HAVE FILED CLAIMS OR HAVE ACCEPTED THE PLAN. Creditors should thoroughly review both the Plan and the Disclosure Statement before determining whether to accept or reject the proposed Plan.

V. TREATMENT OF CLASSES

1. CLASS 1 CLAIM [ALLOWED SECURED CLAIM OF DELPHI CRE

FUNDING]: The Class 1 allowed secured claim of Delphi in the reduced amount of \$47,500,000 shall be paid as follows: Pursuant to the court-approved Settlement Agreement between Delphi and the Debtor, Delphi shall retain its existing liens against the Debtor's assets and Project as they existed on the Petition Date, without modification. Delphi's secured claim shall not accrue interest. The secured claim shall be paid as follows: a \$10,000,000 payment on or before October 15, 2024;¹³ the remaining balance of \$37,500,000 due in full on or before December 31, 2024. than December 31, 2024, the Debtor shall transfer/assign to Delphi, or its designee, all claims, causes of action and other litigation rights that the Debtor may hold, including claims arising under Title 11 of the United States Bankruptcy Code, against Christopher Beavor, Bristlecone Management, LLC, or any of their affiliates (the “Beavor Litigation”). Debtor’s transfer of the Beavor Litigation to Delphi will not impair the Debtor’s ability to assert any claims or defenses as needed to defend and reduce to \$0 any claims against the Debtor asserted by Christopher Beavor, Bristlecone Management, LLC, or any of their affiliates. Upon receipt of payment of \$47,500,000 and transfer of the Beavor Litigation, Delphi shall release and reconvey its Deed of Trust and other security instruments recorded against the Project and Debtor’s other assets.

Accordingly, the Class 1 allowed claim of Delphi is impaired under the Plan.

2. CLASS 2 CLAIMS [ALLOWED SECURED GOVERNMENT STATUTORY CLAIMS]: The Class 2 allowed secured claims as of February 16, 2024, will retain their liens as they existed on the Petition Date, and shall be paid by the Debtor upon the earlier of a sale, refinance of the Project, or in quarterly installments of \$250,000 starting on January 1, 2026, and continuing on the first day of each calendar quarter thereafter until paid in full, with each quarterly payment to be distributed on a pro rata basis among all allowed Class 2 claims.

Accordingly, Class 2 allowed claims are impaired under the Plan.

3. CLASS 3 CLAIMS [ALLOWED SECURED MECHANIC’S LIEN CLAIMS]: The Class 3 allowed secured claims of mechanic’s lienholders as of February 16, 2024, will retain their liens as they existed on the Petition Date, accrue interest at 4% per annum from the Petition Date until paid, and shall be paid by the Debtor upon the earlier of a sale, refinance of the Project, or in quarterly installments of \$1,500,000 starting on January 1, 2026, and continuing on the first day of each calendar quarter thereafter until paid in full, with each quarterly payment to be distributed on a pro rata basis among all allowed Class 3 claims.

Accordingly, Class 3 allowed claims of mechanic’s lienholders are impaired under the Plan

starting on January 1, 2026, and continuing on the first day of each calendar quarter thereafter until paid in full, with each quarterly payment to be distributed on a pro rata basis among all allowed Class 4 claims.

Accordingly, Class 4 allowed claims of the Debtor's general unsecured creditors are impaired under the Plan.

5. CLASS 5 CLAIM [ALLOWED UNSECURED CLAIM OF DELPHI CRE FUNDING, LLC]: The Class 5 allowed unsecured claim of Delphi CRE Funding, LLC, shall be subordinated by agreement to all other allowed unsecured claims, and Delphi will not seek payment from the Debtor pursuant to the Parties' Settlement Agreement. Accordingly, the Class 5 allowed unsecured claim of Delphi CRE Funding, LLC is impaired under the Plan.

6. CLASS 6 CLAIMS [DISPUTED INSIDER CLAIMS]: The Class 6 disputed insider claims filed by Christopher Beavor and his related entities will not receive any payment from the Debtor unless those claims are allowed by the Court or by agreement with the Debtor. In the event the Court determines any allowed Class 6 claims cannot be equitably subordinated under 11 U.S.C. § 510(c) to the level of equity, any allowed non-subordinated Class 6 claims shall be paid in full before any distributions to equity holders.

Accordingly, the Class 6 disputed insider claims are impaired under the Plan.

7. CLASS 7 EQUITY INTERESTS OF RENO CITY CENTER OWNER, LLC: The Class 7 equity interests of Reno City Center Owner, LLC, as of the Petition Date, shall not be modified. Accordingly, the Class 7 equity interests of Reno City Center Owner, LLC are

2. DISPUTED CLAIMS.

The Debtor will only make distributions according to the Plan and when claims become allowed claims as such terms are defined in the Plan. There are currently claims pending against the Debtor, either filed or scheduled, which are or will become Disputed Claims. As to some Disputed Claims, the Debtor disputes only the classification of the claims asserted by the holder. With respect to other Disputed Claims, the Debtor accepts the classification asserted by the holder but disputes the amount of the claim alleged by such holder. In some cases, the Debtor disputes both the asserted classification and the alleged amount. In addition, the Debtor and other parties in interest may object to certain other claims based upon equitable or contractual subordination pursuant to Section 510 of the Bankruptcy Code. Specifically, such subordination claims may be asserted against any person or entity buying claim(s) for speculation and profit in the Debtor's bankruptcy case. No distribution will be made with respect to any such Disputed Claims unless and until they become allowed claims.

Claim Objections. Objections to Claims shall be filed with the Court and served upon each holder of a Claim to which objection is made no later than one hundred twenty (120) days after the Effective Date.

Payment Procedures. Payments to the holder of a Claim to which an objection has been filed that ultimately becomes an Allowed Claim shall be made in accordance with the provisions of the Plan with respect to the Class of Creditors to which the holder of such an Allowed Claim belongs. Interest, if any, on any funds reserved for a contested claim shall inure to the benefit of the holder of such an Allowed Claim.

¹⁶ Debtor disputes this lease and alleges the tenant breached and terminated it prepetition. But if it is later determined that the lease was still in effect on the Petition Date, the Debtor rejects it.

1 Avoidance Actions. In accordance with 11 U.S.C. § 1123(b), the Debtor shall retain and
 2 may enforce any claims, rights, and causes of action that the Debtor or its bankruptcy estate may
 3 hold against any person or entity, including, without limitation, claims and causes of action arising
 4 under Sections 542, 543, 544, 547, 548, 550, or 553 of the Bankruptcy Code other than the Beaver

 12 claims, rights, and causes of action that the Debtor or its bankruptcy estate may hold against any
 13 other person or entity, including, without limitation, claims and causes of action arising under
 14 Sections 542, 543, 544, 547, 548, 550, or 553 of the Bankruptcy Code. To the extent appropriate,
 15 the Debtor shall reserve and have the right to commence any and all actions on contingent and
 16 unliquidated litigation claims within one (1) year of the Effective Date except for the Beaver
 17 Litigation claims that the Debtor shall transfer to Delphi under the parties' Settlement Agreement,

VII. STATEMENT OF IMPAIRMENT

The following classes are impaired and therefore entitled to vote for the Plan—Class 1, Class 2, Class 3, Class 4, Class 5, and Class 6. The remaining classes are unimpaired, do not vote, and pursuant to the Bankruptcy Code are deemed to have accepted the Plan.

VIII. MEANS FOR EXECUTION OF THE PLAN

A. Proposed Plan New Funding

The Debtor intends to fund its Plan and ongoing construction and business operations from a combination of equity contributions, tenant improvement funding, and new financing detailed as follows:

1. Senior Lender-Bridge Loan: The Debtor is in the process of obtaining a senior secured bridge loan from a commercial lender to fund the payments as proposed in the Plan. The Debtor's grandparent, RCC has engaged both Colliers and Hillstone Capital to secure bridge financing to fund the payment due to Delphi on December 31, 2024, and to pay other existing allowed secured claims of mechanic's lien and statutory lienholders. Colliers and Hillstone Capital have obtained interest from lenders currently underwriting the loan and expect to have the financing in place to make all necessary payments by December 31, 2024. *See* letter dated October 27, 2024, from Colliers' Vice Chair–Western U.S. Capital Markets, attached as **Exhibit 2**. Debtor has been advised by both Colliers and Hillstone Capital that the proposed loan terms will consist of usual and customary terms for a secured commercial loan of this size. If the Plan is not expected

to be confirmed by the time the lender expects to fund the loan, the Debtor will file a motion with the Court seeking authorization for this senior loan pursuant to 11 U.S.C. § 364.

2. **Equity Investment (\$10,000,000.00):** The Debtor's grandparent, RCC, through its investors paid the initial \$10,000,000 payment due to Delphi pursuant to the Parties' Settlement Agreement on October 15, 2024. RCC reserves the right to treat the \$10,000,000 as an ordinary course unsecured loan to the Debtor under 11 U.S.C. § 364(a) and to seek allowance of the payment as an administrative expense.

3. **Preferred or Other Equity Investments (\$5,000,000):** The Debtor expects one or more investors to invest \$5,000,000 in the Project, which will be used to pay upcoming operating and administrative expenses. The investor(s) will take an equity position in the Debtor's grandparent, RCC. RCC reserves the right to treat the \$5,000,000 as an ordinary course unsecured loan to the Debtor under 11 U.S.C. § 364(a) and to seek allowance of the payment as an administrative expense.

4. **Tenant Improvements (\$10,000,000):** PKWY Management, LLC ("PKWY") is the existing restaurant tenant on the leasehold premises subject to a lease agreement and subsequent amendments between PKWY and the Debtor.¹⁸ The leased space pursuant to the Second Amended Lease consists of 21,295 square feet, of which 18,337 square feet is primary space, 2,958 square feet is basement space, and 1,270 square feet is the patio space. Attached as **Exhibit 3** is a copy of the Second Amended Lease. PKWY has already spent approximately \$10,000,000 on improvements to this space. The Second Amended Lease provides for PKWY to assume the Debtor's obligation under prior leases for installation of tenant improvements. The Debtor shall pay \$35 per square foot of primary space and basement space and reimbursement for some work performed by Tenant in Landlord's space, which amounts to approximately \$745,000.

¹⁸ PKWY initially entered into a lease agreement with Reno City Center, LLC in 2021 ("Initial Lease") to lease 15,459 square feet of space at the Property. The Initial Lease was amended in 2022 (the "First Amended Lease"). The First Amended Lease has been amended to provide that the Debtor is the Landlord and to document the additional space leased by PKWY (the "Second Amended Lease"). The Debtor intends to assume the current the First Amended Lease with PKWY and cure any defaults, as set forth herein.

1 To the extent that the Plan is confirmed, PKWY's secured and unsecured claims will be satisfied
2 in full by the agreement in the Second Amended Lease.

3 The parties are also in the process of negotiating an additional lease(s) or lease
4 amendment(s) that could expand the square footage from the Second Amended Lease by
5 approximately 10,000 square feet in the west podium area, in addition square feet of basement area
6 and up to 40,000 square feet of the plaza located in front of the real property and located at the
7 corner of North Virginia Street and East Commercial Row, which is the location of the Reno
8 Arch. As noted, under the current lease, PKWY has already invested approximately \$10,000,000
9 to improve its 21,295 square feet of space, which will include 2 restaurants, a bar and gaming. The
10 restaurants will open to the plaza where there will be outdoor seating areas, weather permitting.
11 Future leased areas would include additional Tenant improvement dollars not yet determined.

12 PKWY intends that construction will begin prior to or immediately following confirmation
13 of this Plan. PKWY has a contractor that will begin construction as soon as possible. Completion
14 of construction will allow PKWY to begin operating and completing the plaza will also serve the
15 higher purpose of greatly improving the aesthetics of the overall Project, which, in turn, will attract
16 restaurant and retail patrons in addition to additional commercial tenants.

17 **5. Construction Loan:** The Debtor has obtained an estimate from Ahlquist
18 for the cost to complete construction of the Project in the total amount of approximately
19 \$110,000,000+, which includes an 8% contingency. A copy of the cost to complete is attached as
20 **Exhibit 4**. The Debtor is seeking construction financing and expects to obtain the necessary loan
21 by March 2025 sufficient to cover the costs of completion which will consist of standard terms for
22 a commercial construction loan of this size.

23 **6. CPACE Financing (\$35,000,000):** The Debtor is in the process of
24 obtaining Commercial Property Assessed Clean Energy ("CPACE") financing in the amount of
25 \$35,000,000. CPACE is a financing mechanism in which building owners and developers can
26 access the capital they need to make energy deferred maintenance upgrades in existing buildings
27 and to support new construction. Repayment occurs through a benefit assessment on the property
28

1 tax bill over a period of time that matches the useful life of the improvements or new construction,
2 generally 20 – 30 years. CPACE financing usually has the following terms:

- 3 ○ Fixed Rate: there is a fixed rate over the term of 30 years. The financing is non-
4 recourse and requires no personal or business guarantee. Further, the amount cannot
5 be accelerated even upon a foreclosure, at which point, only the amounts in arrears
6 would be due and payable.
- 7 ○ No Prepayment Penalty after 15 years.
- 8 ○ Capitalized Interest: Interest reserve, capitalized and amortized into the funding
9 balance, to cover the period between initial funding and the first payment in May
10 2026.
- 11 ○ Transferable: in the event of a sale or a foreclosure, the financing can be transferred
12 to the future buyer without penalties or approvals required by the lender.
- 13 ○ Fully Funded at Closing: Debtor would receive the full amount of financing at
14 closing with no funds required for a down payment.
- 15 ○ Escrow Account: funds *can be* (but do not have to be) put into a tax and insurance
16 escrow account to cover the increased tax assessments. In that sense, any senior
17 lender can be assured that if it must foreclose, the funds for any increased but unpaid
18 taxes related to the CPACE financing are readily available; thus, ***a senior lender is***
19 ***fully protected from the increased funding***.
- 20 ○ Enhanced Property Value: the sustainable nature of the construction results in lower
21 operating costs and a higher property value.

22 The Debtor anticipates the CPACE loan will be funded concurrently with the construction
23 loan described above. The Debtor has already started the process and has the assurance of the
24 lender that it qualifies for this program. Attached as **Exhibit 5** is a copy of the non-binding term
25 sheet from CPACE.

26 Summary

27 In sum, the Debtor obtained \$10,000,000 in funding indirectly from RCC on October 15,
28 2024, which was used to make the first settlement payment to Delphi. The Debtor also expects to

obtain further funding from RCC in the amount of \$5,000,000 to pay upcoming operating and administrative expenses. The Debtor also expects to borrow from a commercial lender for a bridge loan, secured by a first priority deed of trust against the Project, in an amount sufficient to fund the remaining payment to Delphi and to pay other valid liens against the Project. The Property will also benefit from the additional \$10,000,000 in tenant improvements that have already been completed. Debtor expects to obtain construction financing estimated in the approximate amount of \$110,000,000+, which is the cost of completion of the Project. Along with the construction loan, Debtor expects to have another \$35,000,000 from the CPACE program.

Thus, in all, the Debtor has received \$10,000,000 in funds to pay the first settlement payment to Delphi and expects to have approximately \$5,000,000 in further funds from an equity investor in RCC to fund operations, a bridge loan from a senior lender of at least \$37,500,000 plus the amount of valid and allowed lien claims, \$10,000,000 in completed improvements from PKWY, a construction loan to cover the costs of completion and an additional \$35,000,000 in CPACE financing. These funding sources will allow the Debtor to pay Delphi, valid secured creditors and fund the remaining costs of construction for the Project, which will, in turn, allow the Project to commence earning regular leasing revenues to be used to pay unsecured creditors.

B. Use of Funds

Debtor proposes to use the above funds (and anticipated future funds), in the following order:

1. Delphi and Other Allowed Secured Claims. On behalf of the Debtor, RCC indirectly paid the agreed-upon first settlement payment to Delphi of \$10,000,000 on October 15, 2024. The senior secured bridge loan proceeds expected before December 31, 2024, will be used to pay Delphi's remaining allowed secured claim of \$37,500,000 on or before December 31, 2024, in addition to payment of other allowed claims secured by valid liens against the Project.

2. Monthly Operating Expenses. Debtor will pay insurance, taxes, essential payroll (hotel staff, maintenance and security) and utilities.

1 3. **Allowed Administrative Expenses.** The Debtor will pay allowed
2 administrative expenses on the Effective Date unless an administrative claimant agrees to
3 alternative treatment.

4 4. **Design Permits.** Debtor will obtain updated designs and permits through
5 its new developer and general contractor (more information below).

6 5. **Payments to Cure Assumed Executory Contracts and Unexpired**
7 **Leases.** The Debtor proposes to assume and pay cure amounts for certain contracts and leases that
8 are critical to the Project.

9 6. **Completion of Construction in Phases.** Pursuant to a Project Schedule
10 prepared by Ahlquist, Ahlquist commenced preconstruction services commenced last month. The
11 Debtor will pay Ahlquist and ESI for construction services fees pursuant to agreements. Further
12 construction of various portions of the Project intends to commence starting in March 2025, with
13 substantial completion of the entire Project expected in 2027. A copy of the Project Schedule is
14 attached as **Exhibit 6.**

15 C. **Developers and Designers**

16 As mentioned previously, the Debtor has entered into a Development Services Agreement
17 with Ahlquist, LLC, an Idaho limited liability company, which is a profits interest owner in
18 Debtor's grandparent, RCC, to be the new developer and manager for the Project. Ahlquist is a
19 full-service development firm with an excellent regional reputation in the industry. A description
20 of Ahlquist's background and key personnel can be found at **Exhibit 7.**

21 Ahlquist, in turn, has retained Engineered Structures, Inc. ("ESI") as the general contractor
22 on the Project. ESI is a nationally recognized general contractor with the experience, personnel,
23 and ability to complete construction of the Project. ESI has experience in the State of Nevada,
24 specifically in Reno. More information about ESI can be seen on its website at:
25 <https://esiconstruction.com/>.

26 The Debtor has also received a Letter of Intent from Journey Corporate Holdings, LLC,
27 d/b/a/ ICRAVE, to provide conceptual and experiential vision and interior design and lighting
28 design services. ICRAVE, established in 2002, has provided comprehensive design services for

1 numerous large-scale projects such as Sphere in Las Vegas, TSX Entertainment in Times Square,
2 the Dream Hotel at Miami's Riverside Wharf along with numerous award-winning restaurant
3 locations. Attached as **Exhibit 8** is a copy of the ICRAVE letter in support of the Project.

4 **D. Post-Confirmation Default**

5 In the event the Debtor becomes delinquent in any duty or obligation under the Plan, the
6 affected creditor or creditors may provide written notice of such default to the Debtor and its
7 counsel. The Debtor shall thereafter have thirty (30) business days from receipt of said notice in
8 which to cure the default. In the event such default remains uncured, the affected creditor or
9 creditors shall be entitled to foreclose upon any collateral (if a secured creditor) or take other
10 appropriate action. The Debtor shall have the right to bring the issue of default before the
11 Bankruptcy Court. At any hearing, the Bankruptcy Court may consider the reason for the default
12 and the ability of the Debtor to cure the default in a reasonable period of time. The Bankruptcy
13 Court may also consider conversion of the case to one under Chapter 7 of the Bankruptcy Code or
14 dismissal of the same is in the best interest of creditors.

15 **E. Professionals' Fees**

16 After the Confirmation Date of the Plan, the Debtor and any other professional, such as
17 Debtor's general bankruptcy counsel, Committee's counsel, any special purpose counsel, or
18 accountants, will not be required to apply to the Court for compensation for services rendered post-
19 confirmation. Post-confirmation compensation of the Debtor's professionals shall be at their
20 normal hourly rate(s) and customary cost charges.

21 **F. Distribution**

22 All cash proceeds shall be distributed in the foregoing manner except amounts necessary
23 to pay disputed claims against the Debtor in the event they are allowed, which shall be held as a
24 reserve and paid as such claims are determined by agreement between the parties or as are
25 judicially determined.

26 **G. Taxes**

27 Unless otherwise provided in the Plan, there are no income tax liens on real or personal
28 property owed by the Debtor. The Debtor is not aware of any material tax consequences from the

1 proposed Plan that would affect it because it is a limited liability company. All tax benefits and
2 liabilities flow through to the Debtor's equity holder. In accordance with 11 U.S.C. § 1146(a), any
3 property transfers or sales by the Debtor as a result of this Plan may not be taxed under any law
4 imposing a stamp tax or similar tax, including real property transfer taxes.

5 **H. General Risk Factors.**

6 The Plan and its implementation are subject to certain risks, including the fact that the Plan
7 may not be accepted by the requisite number of Creditors to confirm the Plan. Even if the Plan
8 receives the requisite acceptances, there is no assurance that the Bankruptcy Court, which may
9 exercise substantial discretion as a court of equity, will confirm the Plan. Even if the Bankruptcy
10 Court determined that the Plan and the balloting procedures and results were appropriate, the
11 Bankruptcy Court could still decline to confirm the Plan if it finds that any of the statutory
12 requirements for confirmation had not been met. Moreover, the Debtor cannot provide assurances
13 that modifications to the Plan will not be required for Confirmation or that such modifications
14 would not necessitate the re-solicitation of votes. If the Plan is not confirmed, it is unclear what
15 distributions Holders of Claims or Interests ultimately would receive with respect to their Claims
16 or Interests in a subsequent plan.

17 If the Plan is not confirmed, the Debtor will need to revise the Plan, and it is unclear
18 whether an alternative chapter 11 plan could be implemented and what distribution the holders of
19 Allowed Claims and Interests would receive. If an alternative could not be agreed to, it is possible
20 that the Debtor would have to liquidate its assets in chapter 7, in which case it is likely that the
21 holders of Allowed Claims would receive substantially less favorable treatment than they would
22 receive under the Plan, and Interest Holders would likely receive nothing.

23 Debtor's financial projections are estimates only and not promises of future performance.
24 The financial projections are subject to common risk factors existing for any forward-looking
25 projections, meaning that the projections are based on current known market conditions and
26 assumptions. Any significant changes in the national economy or other outside factors could
27 materially affect the financial projections for better or worse. There can be no assurances that the
28 estimated proceeds on which future distributions have been projected in the Plan will be realized
by the Debtor. There can also be no assurances that the estimated Claim amounts set forth in the

Plan for unliquidated, contingent, or disputed Claims are correct. The estimated amounts are based on certain assumptions and facts believed by the Debtor with respect to a variety of factors that have not yet been adjudicated by any court. Both the actual amount of Allowed Claims in a particular Class and the Allowed amount of funds available for distribution to such Class may differ from the estimates in the Plan. If the total amount of Allowed Claims or Interests in a Class is higher than the estimates, such Claims or Interests may take longer to pay or may ultimately receive less than projected in the Plan.

IX. MISCELLANEOUS PROVISIONS

1. Effective Date.

The Effective Date shall be the earlier of sixty (60) days after the entry of the Confirmation Order or December 31, 2024, if the lender requires an effective date prior to the end of 2024

2. The Disbursing Agent.

The Debtor is ultimately responsible for making all distributions pursuant to the Plan.

3. Unclaimed Distributions.

Any property to be distributed pursuant to the Plan, if not claimed by the distributee within one (1) year after the payment, shall be returned to the Debtors and forfeited by the distributee.

4. Effect of Confirmation.

Upon confirmation and performance of the Plan, the Debtor shall be discharged from any debt that arose before the date of Confirmation, and any debt of a kind specified in Sections 502(g), 502(h), or 502(i) of the Bankruptcy Code, to the full extent permitted by 11 U.S.C. § 1141(d). In addition, pending execution of the Plan, and unless the Court has otherwise expressly ordered or the Plan otherwise expressly provides, all creditors and parties in interest shall be stayed from proceeding against the Debtor's assets including stay of default proceedings.

5. Exculpation.

The Debtor, nor any of its respective members, managers, officers, directors, employees, representatives, professionals or agents, will have or incur any liability to any Creditor for any act or omission in connection with or arising out of the Reorganization Case, including, without limitation, prosecuting confirmation of this Plan, consummation of this Plan, or the administration

of this Plan or the property to be distributed under this Plan, except for breach of fiduciary duty, gross negligence, willful misconduct, or fraud.

6. Notice.

8. Severability.

Should any provision of this Plan be determined to be unenforceable following the Effective Date, such determination shall in no way limit or affect the enforceability of any and all other provisions of this Plan.

9. Governing Law.

Except to the extent that the Bankruptcy Code or other applicable federal law is applicable, the rights, duties and obligations arising under this Plan shall be governed by and construed in accordance with the laws of the State of Nevada, notwithstanding any conflict of law principles.

10. Successors or Assigns.

The rights, duties and obligations of any Person named or referred to in this Plan shall be

binding upon and shall inure to the benefit of the successors and assigns of such person.

11. Designation of Managers and Governance Issues.

The Debtor's operations will be managed post confirmation by the managers of RCC which is the sole equity holder of Mezzanine, Debtor's sole equity holder, specifically, RCC Manager LLC and GPWM QOF Manager LLC. The human representatives of these entities who are most involved in the Debtor's operations are Kirk Walton and Philip Oleson, Managing Members of GPWM QOF Manager LLC. As explained above, the Debtor has entered into an agreement with Ahlquist, the new developer for the Project, who will manage the future construction and development of the Project under the direction and oversight of the Debtor's Manager, Reno City Center, LLC, via RCC Manager LLC and GPWM QOF Manager LLC. Ahlquist has also retained ESI as the general contractor for the Project. The Debtor will compensate Ahlquist as set forth in the agreement. The Debtor's corporate managers will receive no compensation from the Debtor, other than reimbursement for out-of-pocket expenses incurred in the course of the Debtor's business.

12. Post Confirmation Reporting and Payment of US Trustee Fees.

Post Confirmation, the Reorganized Debtor shall continue filing monthly operating reports through the Effective Date. After the Effective Date, the Reorganized Debtor and any other authorized parties who have been charged with administering the confirmed plan shall file post confirmation reports in the manner prescribed by 11 U.S.C. § 1106(a)(7) and Fed. R. Bankr. P. 2015(a)(5) for every calendar quarter through the date the Court enters a final decree closing this case, an order dismissing the case, or an order converting the case to another chapter in bankruptcy.

Until the Effective Date of a confirmed plan, the Debtor shall timely pay the U.S. Trustee the appropriate sums required pursuant to 28 U.S.C. § 1930(a)(6). After the Effective Date, the Reorganized Debtor and any other authorized parties who have been charged with administering the confirmed plan shall be responsible for the timely payment of all fees incurred after the Effective Date pursuant to 28 U.S.C. § 1930(a)(6) until the Court enters a final decree closing the case, an order dismissing the case, or an order converting the case to another chapter in bankruptcy.

The resumption of the filing of post confirmation reports and the payment of fees shall

1 occur if an order has been entered on the docket that vacates any of the above orders or reopens
2 the case for a reason other than that which is purely administrative.

3 **X. MODIFICATION OF THE PLAN**

4 The Debtor will have the right to modify this Plan in accordance with the provisions of the
5 Bankruptcy Code and Chapter 11. In this regard:

6 1. In accordance with Section 1127(a) of the Bankruptcy Code and Chapter 11, 11
7 U.S.C. § 1127(a), modification(s) of this Plan may be proposed in writing by the Debtor at any
8 time(s) before confirmation, provided that the Plan, as thus modified, meets the requirements of
9 Sections 1122 and 1123 of the Bankruptcy Code and Chapter 11, 11 U.S.C. §§ 1122 and 1123,
10 and the Debtor complies with Section 1125 of the Bankruptcy Code and Chapter 11, 11 U.S.C. §
11 1125.

12 2. In accordance with Section 1127(b) of the Bankruptcy Code and Chapter 11, this
13 Plan also may be modified by the Debtor at any time(s) after confirmation and before substantial
14 consummation of this Plan, provided that the Plan, as thus modified, meets the requirements of
15 Sections 1122 and 1123 of the Bankruptcy Code as more fully set forth in Section 1127.

16 3. Any holder(s) of a claim that has accepted or rejected the Plan will be deemed to
17 have accepted or rejected, as the case may be, the Plan as modified unless, within the time fixed
18 by the Court for doing so, such holder(s) changes their previous acceptance(s) or rejection(s).

19 4. Every modification of this Plan will supersede the previous version(s) of the Plan
20 and whenever each such modification is effective as provided in this Article X. When superseded,
21 the previous version(s) of the Plan will be in the nature of withdrawn or rejected settlement
22 proposal(s), and will be null, void, and unusable by the Debtor or any other party for any purpose(s)
23 whatsoever with respect to any of the contents of such version(s) of the Plan.

24 **XI. DISCHARGE AND STAY CONTINUATION**

25 Confirmation and performance of this Plan will discharge the Debtor from any and all debts
26 to the extent provided under Section 1141(d) of the Bankruptcy Code and will otherwise have all
27 effects provided in such 11 U.S.C. § 1141, which are not expressly inconsistent with the provisions
28 of this Plan. Pending execution of this Plan and unless: **(a)** the Court has otherwise expressly

ordered; or **(b)** this Plan otherwise expressly provides, all creditors will continue to be stayed from proceeding against the Debtor or its assets.

Post Confirmation Injunction

No entity may commence, continue, or assert any claim, counterclaim, crossclaim, affirmative defense, defense, set off, recoupment or any action of any kind or nature (collectively “Potential Actions”) against the Debtor. Confirmation of the Plan shall constitute a permanent injunction against and irrevocable release of any and all Potential Action.

XII. RETENTION OF JURISDICTION

Notwithstanding confirmation of this Plan, the Court will retain jurisdiction for the following purposes, and each of them:

1. The Court will retain jurisdiction to determine the allowability and payment of any claim(s) upon any objection(s) thereto (or other appropriate proceedings) by the Debtor or by any other party in interest entitled to proceed in that matter. As part of such retained jurisdiction, the Court will continue to determine the allowability of Administrative Claims and any request(s) for payment(s) thereof, including professional fees and costs which are Administrative Claims.

2. The Court will retain jurisdiction to determine any dispute(s) which may arise regarding the interpretation of any provision(s) of this Plan.

3. The Court will retain jurisdiction to facilitate the consummation of this Plan by entering, consistent with the provisions of this Plan, any further necessary or appropriate order(s) regarding the enforcement of this Plan and any provision(s) thereof.

4. This Court will retain jurisdiction to adjudicate any cause(s) of action or other proceeding(s) presently pending or otherwise referenced here or elsewhere in this Plan, including, but not limited to, the adjudication of any and all “core proceedings” under 28 U.S.C. § 157(b), which may be pertinent to this Reorganization Case, and which the Debtor may deem it appropriate to initiate and prosecute in aid of its reorganization.

5. The Court will retain jurisdiction to enter an appropriate final decree in this Reorganization Case.

6. The Court will retain jurisdiction to enter an appropriate final decree, and any

interim order(s), in any adversary proceeding(s) which may be initiated during this Chapter 11 proceeding.

XIII. FEASIBILITY OF PLAN

The Debtor believes that the Plan is feasible based on its ability to obtain approximately \$170,000,000 in new funding as described above within the next three to six months to provide the needed money to pay Delphi and other allowed secured creditors, administrative and operating expenses, and complete construction of its Project. This will, in turn, enhance the Project's value and increase ongoing revenue streams to fund additional operations, construction, and pay allowed creditors' claims. Through the Settlement Agreement with Delphi and this Plan, the Debtor reduced Delphi's allowed secured claim by around \$60–\$70 million, thus freeing up substantial equity in the Debtor's assets with which to fund payments contemplated under this Plan to remaining allowed creditors.

Notably, not only do Reno city officials support the Debtor's proposed Plan, but numerous local businesses and community organizations are in support of the current management team working to turn the Project into a successful and thriving part of downtown Reno. Such individuals and entities have written letters of support, including the following:

- (1) Hillary Schieve, Mayor of the City of Reno;
- (2) Neoma Jardon, Executive Director of the Downtown Reno Partnership; and
- (3) The Simon Family, owner of the Reno Aces, Park Center Towers and other nearby properties. These city officials and local businesses recognize the impact of the Project on the Reno community, and the detriment to the community if the Project is allowed to languish in an incomplete state or fall victim to the uncertainty of a foreclosure sale.

Attached as **Exhibit 9** are copies of the letters of support. These city officials and local businesses recognize the impact of the Project on the Reno community, and the detriment to the community if the Project is allowed to languish in an incomplete state or fall victim to the uncertainty of a foreclosure sale.

The Debtor's proposed Plan provides for a quick construction start on the Project which will not only enhance the value, security, and aesthetics of the Project, but which will also

1 invigorate the downtown business community and provide significant employment opportunities
2 for Washoe County's residents.

3 **XIV. LIQUIDATION ANALYSIS**

4 The Debtor is proposing a Plan based on continued business operations to complete
5 development and construction of the Project and then sell, lease, or operate the Project depending
6 on the most beneficial outcome for the Debtor.

7 The Plan must provide that a nonconsenting impaired claimant or interest holder of a
8 consenting class receive at least as much as would be available had the debtor filed a Chapter 7
9 petition instead.

10 In a Chapter 7 liquidation case, the general rule is that the Debtor's assets are sold by a
11 trustee. Unsecured creditors share in the proceeds of sale only after secured creditors and
12 administrative claimants are paid. Certain unsecured creditors get paid before other unsecured
13 creditors do. Unsecured creditors with the same priority share in proportion to the amount of their
14 allowed claim in relationship to the total amount of allowed claims. In the present case, a creditor
15 would recover less from the assets of the bankruptcy estates under Chapter 7 than it would under
16 Chapter 11. First, the Debtor's Plan proposes to pay all allowed unsecured creditors in full, with
17 post-petition interest, which is not guaranteed in a Chapter 7 case. Second, in a Chapter 7 case a
18 trustee is appointed and is entitled to compensation from the bankruptcy estate in an amount no
19 more than 25% of the first \$5,000 of all money disbursed, 10% on any amount over \$5,000 but
20 less than \$1,000,000, 5% on all amounts over \$1,000,000 but less than \$3,000,000, and reasonable
21 compensation not to exceed 3% on any amount over \$3,000,000, thus diminishing monies
22 available for payment to unsecured creditors.

23 Debtor's Plan proposes 100% payment of allowed unsecured claims, with post-petition
24 interest until paid. The Debtor estimates that its allowed creditors will receive substantially more
25 through this Plan than in a chapter 7 liquidation because the gross liquidation value of its assets is
26 difficult to estimate based on the incomplete state of the Project. The current state and size of the
27 Project means that there would be limited interested buyers. Because the Debtor has no current
28 liquid assets, a trustee could not pay ongoing utilities, property taxes, insurance, and security

1 expenses to maintain the Project during any reasonable marketing period. Accordingly, a chapter
2 7 trustee would most likely have to conduct a fire-sale liquidation of the Project which would
3 likely not pay all secured creditors, and unsecured creditors would receive nothing. The other
4 alternative would be for a chapter 7 trustee to allow Delphi to foreclose on the Project, also
5 resulting in no payment to junior secured creditors or unsecured creditors.

6 **XV. DISCLOSURE STATEMENT**

7 When the Debtor solicits the requisite acceptance(s) of this Plan, it will be accompanied
8 by a Disclosure Statement that will have been approved, or conditionally approved, by the Court,
9 as amended, prior to such solicitation. The Debtor requests that all parties whose acceptance(s) of
10 this Plan are solicited should direct their attention to the Disclosure Statement.

11 **XVI. CONFIRMATION REQUEST**

12 The Debtor requests that the Court confirm the Plan in accordance with the provisions of
13 Section 1129(a) and/or Section 1129(b) of the Bankruptcy Code.

Reno City Center – Financing

RE: Bridge Lender regarding DPO of Senior Loan

Dear RCCO,

This letter is to inform you we have been engaged to secure bridge financing as it relates to the Discounted Payoff Loan settlement surrounding the Reno City Center Project. This project consists of multiple phases and multiple asset classes.

We are in receipt of all the necessary due diligence information and are currently in the market to secure a bridge loan for the purpose of satisfying the necessary capital to pay off the Discounted Loan Payoff (DPO) and secured liens.

The current lender interest is meaningful as we have multiple potential lenders currently underwriting the loan. We expect to have the financing in place to make all necessary payments by Dec. 31st, 2024. We anticipate having a formal loan commitment no later than Dec. 1st, 2024.

We continue to receive and answer questions as it relates to the redevelopment and are working closely with each potential lender to satisfy any concerns.

Please let me know if I can provide any additional commentary.

Sincerely,

A handwritten signature in black ink, appearing to read "W. Grant Lammersen", written over a light green rectangular background.

SECOND AMENDMENT TO LEASE AGREEMENT

THIS SECOND AMENDMENT TO LEASE AGREEMENT (“Second Amendment”) is entered into and effective as of the 2nd day of September, 2024 (the “Effective Date”) by and between **RENO CITY CENTER OWNER LLC**, a Delaware limited liability company (“Landlord”), **RENO CITY CENTER, LLC**, a Nevada limited liability company (“Initial Landlord”), and **PKWY MANAGEMENT LLC**, a Nevada limited liability company (“Tenant”).

RECITALS

- A. Landlord and Tenant are parties to that certain Lease Agreement, dated September 3, 2021 (“Lease Agreement”), for certain leased premises containing approximately 15,459 square feet for Tenant’s use, as more particularly described in the Lease Agreement, as amended by that certain First Amendment to Lease Agreement, dated March 21, 2022 (“First Amendment” and together with the Lease Agreement, collectively, the “Lease”), both of which were executed by Initial Landlord.
- B. In May 2022 as part of the process of obtaining the current construction loan, Initial Landlord transferred title to the real property that included the Premises to Landlord, and Landlord was assigned and assumed all rights and obligations under the Lease.
- C. Tenant, rather than Landlord, has undertaken the construction of the Tenant Improvements, and Tenant has also undertaken additional work, outside the Premises for the benefit of Landlord.
- D. On February 16, 2024, Landlord filed a voluntary Chapter 11 Bankruptcy Petition in the United States Bankruptcy Court for the District of Nevada, styled as Case Number 24-50152 (the “Bankruptcy”).
- E. Landlord and Tenant now desire to amend the Lease as hereinafter set forth and Initial Landlord desires to guarantee Landlord’s obligations under the Lease as modified hereby.

AMENDMENT

NOW, THEREFORE, in consideration of the mutual promises and covenants contained herein and other good and valuable consideration, the receipt, adequacy and sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

5. Deletion of Sentence in Section 4.A. The fourth (4th) sentence of Section 4.A is hereby deleted in its entirety. That sentence stated, “In the event Minimum Annual Rental has not commenced within three (3) years from the Date of this Lease, then this Lease shall automatically terminate and Landlord and Tenant shall each be released from any further obligations under this Lease.”

6. Permit Contingency. The parties acknowledge and agree that Tenant has waived the permit contingency set forth in Article 4B of the Lease.

7. Commencement Date. The Commencement Date of the Lease shall be revised to be the date that is thirty (30) days after (i) Tenant receives a certificate of occupancy or temporary certificate of occupancy for the Premises; (ii) Landlord has completed its work in the Shopping Center so that Tenant’s employees and customers have use of all parking

Tenant's contractor has provided Landlord with pay application certification of spending in excess of the Landlord's Contribution. Landlord's contribution shall be paid to Tenant within thirty (30) days hereof, subject to any restrictions on that payment being made during the pendency of any bankruptcy petition or adverse proceeding for Landlord enforced by the bankruptcy court.

9. Tenant Shopping Center Work. At Landlord's request, Tenant agreed to provide certain ductwork and HVACs as well as remove existing flooring and ceilings from portions of the Shopping Center which are outside the Premises, inclusive of ancillary work and administrations therefore, concurrently with the construction of the remaining Tenant Improvements, at a total cost of \$773,962.56, subject to any additional change orders ("Tenant's Shopping Center Work Cost"). Landlord shall pay Tenant's Shopping Center Work Cost in full upon presentation of an application of payment therefor from Tenant accompanied by appropriate lien releases for such work, subject to any restrictions on that payment being made during the pendency of any bankruptcy petition or adverse proceeding for Landlord enforced by the bankruptcy court.

If you wish to move forward, we will complete an additional detailed analysis based on the documents provided in order to provide a binding commitment for funding. The terms in this term sheet expire 14 days after issuance.

DETAILS OF TERMS

Construction Funding Amount	\$35,000,000. PACE Equity will additionally fund our fees, Program Administration fees, legal fees and capitalized interest.
Financing Rate	<p>PACE Equity Financing</p> <ul style="list-style-type: none"> ○ The greater of 8.25% or 415 bps + 10-year USTs <p>The Financing Rate can change based on adjustments in funding amount, term or prepayment.</p>
Term	Our target amortization term is 30 years.
Project Development	Our in-house engineering and transactions team will develop your project to deliver the maximum funding amount, the longest amortization term, and all approvals. No third-party energy engineers required.
Prepayment	This spread assumes a prepayment penalty of 3% for years 1-5; 2% years 6-10; 1% years 11-15; no penalty thereafter. Other prepayment options are available which may increase or decrease the rate.
Capitalized Interest	PACE Equity sets up an interest reserve to cover a period between our funding and the first payment. We have assumed a first payment in May 2026. The interest reserve is capitalized and amortized into our funding balance. We typically fund enough capitalized interest so there are no payments during construction. On a case-by-case basis, we can reduce the reserve amount, so long as there is a reserve for any payments before completion.
Initial Funding Review	PACE Equity has proposed funding on an initial review of limited documents. PACE Equity will review a wide variety of due diligence documents in order to confirm funding. This may impact our proposed funding amount.

Re: Reno City Center Owner – “Harrah’s Property”

Dear Ms. Fletcher,

Ahlquist Development LLC (“Ahlquist”) is pleased to provide you with this report detailing its retention, involvement, and progress of the development of “Harrah’s Property” in downtown Reno, Nevada.

Ahlquist has designed, developed, and constructed more than 3.5 million square feet of mixed-use commercial real estate with a total value of approximately 1.6 billion dollars. Ahlquist’s notable projects include Idaho’s first TopGolf and other landmark/destination projects such as Ten Mile Crossing, Pioneer Crossing, Eighth & Main, Eagle View Landing, and City Center Plaza. These transformative projects, summarized in a portfolio packet provided contemporaneously herewith, include a strategic mixture of Class-A commercial office space, medical office, retail and restaurant, entertainment, and residential, have revitalized downtown Boise and infused vibrancy into the surrounding Boise metropolitan area.

As a new Profits Interest Owner in the “Harrah’s Property”, and having been elected by the Owner’s members to serve as Manager and Developer for the entire project, Ahlquist has already undertaken the initial steps in its well-defined process that has been successfully implemented and patterned based on a multitude of Ahlquist projects, as outlined herein:

- **Feasibility Study and Analysis:** Ahlquist has toured the subject site on multiple occasions and has initiated a comprehensive feasibility study that analyzes the entirety of the project, with an eye toward identifying the highest and best use of each segmented component of the overall project. In addition, Ahlquist has undertaken an initial study of current market trends and projected revenue streams based on the anticipated blend of uses that will be incorporated into the master development plan. As part of this initial analysis, Ahlquist determines the suitability of each phase of development, evaluates the functionality of the existing space (while considering re-purposing and/or additional tenant improvement build out opportunities), and conducts those types of common due diligence evaluations as may be required when commercial properties are evaluated for financing, including but not limited to, reviewing current and future governmental approvals necessary to permit development, analyzing environmental conditions, evaluating availability and sufficiency of services and

infrastructure, and undertaking a detailed analysis of current and future uses and potential absorption rates based on current and anticipated market conditions.

- **Budget:** As provided herewith, Ahlquist has developed and will continue to refine a budget for the overall project. As the feasibility study and preliminary analysis progresses, Ahlquist will update and refine the budget to account for any additional design, engineering, and contract bidding requirements, and to account for and reflect any alternates selected by the ownership group.
- **Schedule:** Also provided herewith, Ahlquist has developed a master project schedule, which will result in the timely completion of construction of the overall project, and will include an individual schedule for each sub-component of the project (i.e., office, commercial office, retail, hospitality, etc.), all in compliance with the approved budget and consistent with the project's plans and specifications.
- **Entitlements/Condo Plat:** Ahlquist has initiated the process to design and ultimately record a preliminary map that will create individualized condo units for the various components of the project, including for residential, retail, office, and hospitality (including common space for each). Upon approval of the preliminary map, Ahlquist will proceed with final map approval, thereby allowing for cross-collateralization for financing purposes of the individual condo units.
- **General Contractor:** As a profits interest owner, serving in its capacity as Manager and Developer of the project, Ahlquist has selected and contracted with a General Contractor, Engineered Structures, Inc. ("ESI") to provide both pre-construction and construction services for the Harrah's Property project.

To summarize, as it has done on dozens of other projects (totaling 3.5 million square feet of commercial real estate), Ahlquist is setting the foundational building blocks for a successful project. These critical steps, highlighted herein, will ensure the long-term viability of this project, thereby maximizing and accelerating returns for investors, as well as bringing much needed revitalization to downtown Reno.

Sincerely,

J. Thomas Ahlquist

Downtown Reno Revitalization

AHLQUIST.

Babcock Design

Downtown Reno is rewriting its identity, blending its rich history of gaming and entertainment with forward-thinking tech, entrepreneurship, and innovation. The city is becoming a thriving epicenter for opportunity and creativity. The spirit of growth is palpable. A new era is rising.

These two city blocks, formerly the world-famous Harrahs, has been mired in years of uncertainty and bankruptcy. Bringing together an experienced team to lead through the current challenges will be critical to success.

With this in mind, we have assembled a team that has worked together for over twenty years.

Downtown Boise had its own challenges in the early 2000's. In the heart of downtown was the "Boise Hole", a failed development known for multiple pauses and controversy. Literally, a hole filled with weeds and rebar became known as "The Boise Hole". This team transformed this project into a 17-story mixed-use development.

Designed by Darin Bell of Babcock Design Group, built by ESI Construction and Developed by AHLQUIST, 8th and Main became the epicenter of the revitalization of Boise.

Immediately after the completion of 8th and Main, this same team went across the street and developed City Center Plaza, a mixed-use development with an underground public transportation hub, retail, expansion of the convention center, inclusion of the Boise State University Computer Science Department and office for a Boise grown tech company Clearwater Analytics.

In addition to AHLQUIST, ESI, and Babcock Design Group, the Reno Downtown Development Team will include our partner in Elevated Property Company Fred Bruning and his team.

With a combined experience of over 150 years, this is the premier retail development team in the United States.

THE AHLQUIST TEAM

It is ALL about the team! Over the last 20 years, we have assembled professionals driven to deliver results and exceed expectations. Each partner is committed to the foundational VALUES of our company.

Our team members have become like family, and we love what we do together.

Hard work and determination have paid off over the years. With more than 3.5 million square feet developed and a total value north of 1.6 billion, Ahlquist Development has shattered expectations. Notable projects include Eagle View Landing (home of Idaho's first Topgolf), Ten Mile Crossing, Pioneer Crossing, Eighth and Main, City Center Plaza, and dozens of other sites and buildings.

At AHLQUIST, the joy is in the process! We create places for people to work and spaces for families to live and play. To us, what's most rewarding about the development process is creating, building, and delivering new projects for communities to thrive in.

AHLQUIST is a full-service development firm ready to meet clients where they are in the development process. From the first call and handshake, our goal is to provide expertise and professional services from the initial vision through move-in.

RE: Urgent Appeal to Prevent Foreclosure and Auction of Reno City Center

To Whom It May Concern,

We write to you today on behalf of the City of Reno requesting your attention regarding the impending decision facing the Reno City Center development project. We understand that the property's foreclosure and potential auction are under your jurisdiction, and we respectfully request your trust in the new direction and leadership of the Reno City Center team.

The Reno City Center, in its current state, represents a substantial hindrance to the growth and development of our city. Its dilapidated condition not only detracts from the overall aesthetic appeal of downtown Reno, but also poses significant challenges to our efforts to attract new businesses, residents, and investment to the area. A thriving downtown core is essential for the continued growth and prosperity of Reno. However, the presence of blighted properties like the Reno City Center sends a negative message to potential investors and developers, limiting our ability to fully capitalize on the economic potential of our city.

The Reno City Center stands as a vital piece of our downtown landscape, holding immense potential to contribute to the growth and vitality of our city. We acknowledge the challenges that have plagued this property in the past, leading to its current state of disrepair and financial instability.

The redevelopment of the Reno City Center into a vibrant mixed-use development, as outlined in the new strategic plan, presents a tremendous opportunity to breathe new life into our downtown area. We are encouraged by the recent efforts and strategic vision put forth by the new leadership team tasked with revitalizing the project. This dedicated group brings with them a wealth of experience and expertise in urban redevelopment, along with a clear and locally-focused plan to transform the property into a vibrant hub of activity that will benefit our entire community.

Allowing the Reno City Center to go into foreclosure and auction would not only disrupt the progress and momentum that has been gained under the new leadership but would also risk further delays and setbacks in the property's redevelopment. Such an outcome would not align with our collective vision for a thriving and prosperous downtown Reno. We firmly believe that with the support and cooperation

of all stakeholders involved, including the judiciary, we can overcome the challenges facing the Reno City Center and realize its full potential as a catalyst for economic growth and revitalization in our city. Therefore, we respectfully urge you to consider the broader implications of your decision and to trust in the new direction and leadership of the Reno City Center team. By doing so, we can work together to ensure a brighter future for this important property and for the City of Reno as a whole.

Thank you for your attention to this matter. Should you require any further information or assistance, please do not hesitate to contact me.

Respectfully,

RE: Reno City Center Bankruptcy Reorganization

We at the Downtown Reno Partnership (DRP) are writing to express our strong support for the continuation of the Reno City Center/Harrah's redevelopment project.

Reno City Center occupies a crucial position in our downtown landscape, encompassing two mega blocks totaling 21 parcels and 5.7 acres. Adjacent to our iconic Reno Arch—the most photographed landmark in the region—this property sits in the center of our main street and has regrettably become a blighted backdrop for major events during the last two summer seasons.

The ongoing stagnation in this area poses a substantial threat to downtown Reno's progress, detrimentally impacting surrounding businesses and preventing adjacent development projects from starting. Its dilapidated condition detracts from the aesthetic appeal and undermines our efforts to attract visitors, businesses, new residents, and investment into the heart of our city. As the leaders and custodians of downtown, we witness these challenges daily.

Furthermore, Reno City Center is near the University of Nevada, Reno (UNR), an esteemed institution that significantly contributes to our community's vitality. The blighted state of this property contrasts starkly with UNR's vibrancy and impedes potential synergies between the university and downtown.

We understand the obstacles faced by the previous development group and trust that the court will allow a new developer to promptly continue the project. Allowing Reno City Center to go into foreclosure and auction would create additional delays and further deteriorate the property, hindering revitalization efforts and undermining our collective aspirations for a vibrant downtown Reno.

It is in the best interests of our city for you to permit the opportunity to overcome the challenges faced by Reno City Center and realize its full potential as a catalyst for economic growth and revitalization.

Thank you for your careful consideration. Please do not hesitate to contact us for any additional details.

Respectfully,

To Whom it May Concern:

We write to you today as The Simon Family, owner of the neighboring Reno Aces, Park Center Tower and other nearby property, to express our support GPWM and the new leadership team on their efforts to revitalize the Reno City Center.

As the next-door neighbor to the Reno City Center, we have a vested interest in seeing this district thrive and prosper. We recognize the immense potential of this area to become a vibrant and dynamic destination for residents and visitors alike.

By partnering with the new leadership team and leveraging our collective resources and expertise, we believe that we can unlock the full potential of this district and create a vibrant urban center that benefits the entire community.

Allowing the Reno City Center to go into foreclosure and auction would not only disrupt the progress that has been made but also undermine the efforts of those who have worked tirelessly to bring the final vision to fruition. It is imperative that we support and empower these individuals to continue their work and realize the potential of this district.

We are committed to working collaboratively with the new leadership team, the judiciary, and other stakeholders to ensure the success of the Reno City Center redevelopment.

Thank you for your attention to this matter.

Respectfully,

Herbert Simon
